“ Steve was one of my true Friends in life. We spent many enjoyable hours playing golf on the weekend's, starting many wonderful years ago in the Henry Saenz and Pat Kane group at Rolling Hills G/C. We also played in many tournaments as teammates and enjoyed numerous golf trips together, that I will remember for ever.

Steve was also a passionate competitor. The time I will remember for ever; our group was playing at Emerald Greens G/C. Playing hole #17 a par (3); I hit first and my ball came with end (2) feet on the hole. The majority of the time good enough to win any closes to the pin competition. Then Steve steps up a hits his ball within one foot on the hole and wins all the money.

We truly enjoyed our visits with Steve and Diane in Branson Mo. and special family gathering. I will always have many fond memories and we will miss him. We send all our love and sympathy to his family.

“ Steve and I played many rounds of golf over the past 30 years. He and I had plans to play soon after "this thing turns the corner". Sadly that won't happen but I cherish the many great times we've had on and off the golf course. I fondly remember one such time at Augusta National many years ago when Steve provided the tickets to join him and his friends at the Masters. What a treat! And what a kind and gracious man that will be greatly missed. My heart goes out to Diane, the girls, and the entire family.

Rest in peace my dear friend.

“ Stunned to hear the news. Steve, my friend for 39 years and the guy who first made me aware of working dedicated people with "dis"abilities, I'll miss you but always have fond memories of ball games, golfing together, and going out to "have a little sandwich" for lunch. Thanks for everything.

Rest well my friend, and remember, they "play in up" in Heaven.

“ Steve was such a nice person and a pleasure to work with and I will miss him. Steve regularly had a smile on his face when we talked and a positive perspective. Steve was loved by our clients and provided meaningful work for thousands of people with disabilities at Challenge over the years and was so good at getting work that he provided overflow work for other agencies at times, as well. Steve would tease and remind me about how we were “working in the trenches” together as he would call it, especially when we worked more closely during the Alpha Industries era. Steve was a good influence on us all. My condolences to Diane and all of the family.

“ Sad to read about the passing of my childhood friend Steve.
We grew up together on Hyde Avenue as next door neighbors. Played football together as kids, and against each other in high school. Maybe even did a few things I can't write about??
Many fond memories with Steve!
RIP my friend

“ Steve was one of the finest people I know and had the privilege
to work with. He will be deeply missed by Diane and his family
as well as his work family.

He was a true champion to the disabled. His optimism and his
attitude “that we can do this” was a driving force that motivated
all around him.

We are all better people for having known him and I personally
will deeply miss him.

Steve has left us a legacy of hope and service to others that
will be hard to match.

“ It is 10 am on May 14th. We sit here and reflect on our memories of Steve and send you Diane Tori Heather and families hugs as you go thru this day. I think of the time when I first met Steve at Waldorf and I was able to ride back and forth with Steve and Paul from school to home. He sure knew how to make a person feel good about themselves. The best memory is when we got a surprise visit from the two of you in Branson. Hugs to your family. May your faith and your friends and family surround you today and all the tomorrows.
