“ I’ve struggled with Parkinson’s for years, and medications only brought short-term relief. Out of hope and hesitation, I tried an herbal treatment from NaturePath Herbal Clinic. By the fourth month, my tremors eased, stiffness lessened, and balance improved. It wasn’t overnight, but the progress was real and life-changing. I now sleep better, move more freely, and feel like myself again. If you’re considering natural options, I highly recommend giving them a try. I’m truly grateful I did. www.naturepathherbalclinic.com ”

“ My husband was diagnosed of Parkinsons disease 2 years ago, when he was 49. He had a stooped posture, tremors, right arm does not move and also a pulsating feeling in his body. He was placed on Senemet for 8 months and then Sifrol was introduced and replaced the Senemet, during this time span he was also diagnosed with dementia. He started having hallucinations, lost touch with reality. Suspecting it was the medication I took him off the Siferol (with the doctor’s knowledge) and started him on PD-5 natural herbal formula we ordered from AKNNI HERBAL CENTRE, his symptoms totally declined over a 3 weeks use of the AKANNI HERBAL Parkinsons disease natural herbal formula. He is now almost 51 and doing very well, the disease is totally reversed! (Visit www.aknniherbscentre.com) ”

College Avenue growing up when I was just a small girl are used to go up and visit with Alex and taking cookies if my mother made them he was always so kind took time to talk to me sometimes play game of checkers. Sometimes I would help watch the fire trucks there was a 16 year difference between us of course when you're young girl you think all the firemen are old. Alex always took the time to talk to me to listen He is someone I have always remembered Through all the years I'm so sorry for your loss. I don't know how he was later in life but I know in the early 60s he was a dedicated fireman and a friend
