“ What I remember so much was when Allen my (my brother in law) worked with me on my truck moving furniture cross country. He was a very hard worker and I could always depend on him. We had some good times even though we were working. There were a few times I think we had too much fun even at work. 😊 Al even liked moving furniture so much that he bought his own truck and went out on his own. I'm going to miss him and the story's we shared about the moving game. RIP my BROTHER. Love ya Dave
