“ *Lucy and I got to know Ann and Marsh while taking numerous hikes in the Arizona desert around Green Valley. During our talks on the trail we discovered how much joy and pride they both took in telling us about all the different family members. Ann was always so upbeat when describing everyone's activities. Her constant optimism was a wonderful strength throughout her life. We feel blessed to have known her. We offer our warmest condolences to each of her children and to the entire Tudor family.*

“ Please accept my family's heartfelt condolences on the loss of your dear loved one. During this most difficult time, may you find comfort in fond memories, and The Almighty God's promise in the Bible, to restore those asleep in death to perfect life on a paradise Earth.

“ Though our meeting was brief and not in the most desirable of places, she was the sweetest most pleasant roommate a person could have. We spent so many hours talking and getting to know each other - it really made the hospital stay a happy memory. She touched my heart and really was the most positive person I have ever known.

I will forever treasure being called her secretary.

Thinking of you during the loss of your mother. Although I only knew Ann a few months, she made such an impression on me. During her courageous battle with cancer, she only talked about her family. She was always concerned about her children and their families and enjoyed their visits with her. Her faith in God never wavered and she enjoyed reading her prayer book. She was truly an inspiration on how we should all lead our lives.

Ann was truly the wonderful "big sister". So brave and positive in her long fight with cancer. Thank you to all the wonderful ladies who cared for Ann. You were all so kind and caring with her. Thank you, also to her great nurse, Joan, you never left her side. Ann love you, you are always with me, Mary
