“ *Arlou was a very special woman, she was so welcoming of me into her family and of my young son Chasen as well and that meant alot to us. I am so lucky that I got to have her in my life for the last 14 years. She was a blessing to our family and taught our children and myself about thoughtfulness, unconditional love and generosity. I admired that she was strong and fierce while still a classy lady. She was always there for us when we needed it. She was a constant source of love and I am eternally grateful for the love she (& Ira) gave my husband that positively influenced his life in countless ways. She was my grandma too and her presence in our lives will be missed deeply every day.*

“ Dear Joan. I was sadden to learn of the loss of your mother, Arlou. She was a great lady and sharp accountant. I had been treasurer of Local 799 in Madison County for 15 years and Arlou was always willing and ready to help me in my search for answers. She had a wonderful gift of numbers and memory and I could not have made it without her help on a daily and monthly basis. Arlou made the work look so easy and was always so patient and helpful. I know how you are feeling as I lost my dear Mother in December of 2013 and trying to work thru the loss every day. I am now taking care of my Dad and trying to help him in his grief. Please accept our deepest sympathy and thinking of you and yours.

“ What a wonderful person our Aunt Arlou was, we all loved her very much. We were there to see her Sunday 3 days before she passed at the care center, Me, My Mother Nancy and my brothers Mike and Terry, we took her a dozen roses and a prayer pillow from the ladies group at church, she loved them, when we left she asked to be placed where she could see her roses, we did that, hugged her and told her we loved her, she said she loved us, I told her I would be back to see the next weekend, she said please do I would like that. She will be missed by all of us. We are Ira's brother George's family, she was always one of the family to us and spent many holiday and family gatherings with us over the years.
Joan, Frank and family, our hearts are with you at this time
