“ My deepest condolences to the Valdez family. I was quite taken by this when I saw this online. I shared many good times with Bev and Fred. Fred, with my tax man for many years, and Bev would come down and get me and take me all through the house to see all the bears are all the Christmas she had. I remember every month they would come Up to the Grafton flea market to see me. I will miss both of them deeply as I know you will. God bless all of you and thank you for sharing your mom and dad.
