Going through my file cabinet this morning, I found a file of correspondence between Catherine Nickens/Reynolds and me in the 1990s. This prompted me to Google her name and I found her obituary. Our mutual love of the Regency era brought us together. She read and gave me some encouraging advice on a Regency novel I was writing. Although I purchased and read her two books, I didn't know about posting reviews. I wish I had known. She wrote well-researched books, unlike so many Regency writers today. May she rest in peace.

“ *My prayers and condolences to the family. My mother, Peg Schelle, graduated with Catherine from St. Joe's School of Nursing. I had the privilege of meeting your mother about 18 years ago when Mom and I were in California to visit my uncle who was undergoing treatment for cancer. Lovely lady and very interesting, too.*
