“ I have known Dale since high school. We didn't run in the same circles, but our paths through life crossed many times ,and when it did we always had a good time. After both of our military obligations were met, We mostly crossed at Central Hardware. My most memorable was right after he was called in because he had ordered a multiple amount of fire extinguishers and had been called in for a but chewing, which later was instrumental in a promotion. Seamed no one else in the district was aware that fire extinguisher were mandated in all marine craft. His fare yet military discipline handling the myriad of management woes got him his Promotion to District manager. To bad Central Hardware didn't have more like him. It may have survived a lot longer in the home improvement industry wars. I know he was one of the very last employes of Central Hardware. He wasn't the kind to leave his sinking ship.

Recently I had the fortune to get to spend some time with him. I found him the same great guy. He loved his kids and was extremely proud of them.

I will miss him.

“ Megan, I'm so sorry about the loss of your dad. I know this this is a sad time for you and your brothers and family, and you are in my thoughts and prayers. The Irish blessing has brought me great comfort through the years, so I'll close with that prayer in hopes it does the same for you. I love you honey. Your loving aunt

May the road rise up to meet you, may the wind be ever at your back. May the sun shine warm upon your face and the rain fall softly on your fields. And until we meet again, May God hold you in the hollow of his hand.”
