“ *I remember Dana as a roommate that I always aspired to be like. His wit and compassion for others was what I admired most. We shared a dorm, apartment and a home over four our years at Eastern. We met on the first day we moved into the Carmen dorm. Over the years we may have had different roommates and interests but we continued to stay close. Many years after graduation we reconnected. It was as if we had been in touch all that time He was a great friend and I will forever miss our conversations. I loved hearing the stories he would tell about his children and grandchildren. He was so proud of them all.*

Irina and I continue to think of him often. We wish his family all the best and hope that the fond memories of the husband, father and grandfather that Dana was remains with you all forever.

“ Dana was one of the best room mates in college you could ever have! Rooming with him at Eastern Illinois University was so great. I have so many fond memories of spending time with Dana it's hard to list them all, but one that stands out is the time I went home during college break to visit his family- I was so impressed with how loving and caring his family was, clearly he was always blessed with so many wonderful people surrounding him.

I have many college photographs that someday I would love to share with all of you and reminisce. My deepest sadness is that our paths will never cross again.

The world will never be the same without him.

“ Dana was one of the most kindest real estate agents I have ever dealt with in 17 plus years of selling real estate. This is so sad to hear of his passing. I wish his family prayers and comfort knowing he left a great mark on so many of us. What a wonderful man. I just saw him within the last year at Community Title...he was so kind. God sure welcomed this angel of a man.

“ When we were kids we called him “Dewey”. He was a sweet kind kid that grew into a sweet kind man who loved and honored his family everyday. I am saddened by a loss this great.
