

David Lynn Delawder

August 3, 1947 - September 8, 2020

Dateline: Godfrey

David Lynn Delawder, 73, passed away September 8, 2020 at Alton Memorial Rehabilitation and Therapy. David was born in Galesburg, IL on August 3, 1947, the son of John and Rosaleen Delawder. He is survived by a sister, Ann Larson of her husband Rick; a sister-in-law Linda Delawder, and nephews Scott and Eric Delawder. He is also survived by his longtime companion, Rita Cooke; her son, Scott and grandchildren, Michael and Madeline. In addition, Dave leaves behind a dear friend, Joe Hook. David was preceded in death by his parents and older brother, John Delawder III. After graduating from Knox College in Galesburg, David was hired by the Alton School District. He spent his entire teaching career at East Middle School. David found joy in teaching, injecting humor into his life science lessons. He was always happy to help students and give them encouragement. David received numerous awards throughout his teaching career including being honored as 2001 Silver Medallion Teacher of the Year, being inducted into the Alton High School Hall of Fame, The Alton High School Athletic Hall of Fame, and the Illinois Basketball Coaches Association Hall of Fame. Sports were an important part of David's life. He was an avid fan of the St. Louis Cardinals and the Chicago Bulls. Dave hosted eight basketball players while they attended Lewis & Clark Community College and has maintained a special friendship with Fernando Coloneze, Leo Gomes, and Daniel Sorares of Brazil. Keeping stats for high

school sports was something Dave truly enjoyed. He kept Alton High football stats for a few years, but his favorite was keeping basketball stats. David volunteered time to keep basketball stats for both Alton High and Alton Marquette. Because of COVID there will be no visitation. David will be laid to rest in a graveside ceremony in Abingdon, IL, next to his parents. A celebration of Dave's life will be held at a later date for friends and family to gather together, share stories, and remember the wonderful man we were privileged to know. The family would like to thank the staff at Alton Memorial Rehabilitation and Therapy for the care given Dave these last three years. Memorials in Dave's honor may be made to the Alzheimer's Association, the 5A's Humane Society, or the TreeHouse Wildlife Center. Gent Funeral Home in Alton is in charge of arrangements. Online guestbook and information may be found at www.gentfuneralhome.com

“ *I just now found out about Mr. Delawder's passing. I was a student at East in the 70's. Although I never had Mr. Delawder, he always made a point to talk with me and tease me after school, as he monitored outside. He was a lot of fun and always recognized me when I'd run into him out and about, raising my own family. He seemed the same age in the 1990's as he was in the 1970's. He was a bright spot in my junior high years. East Junior had lots of special teachers like him who connected with the kids and were respected. It was a special time. I'm so sorry for your loss.*

“ *Mr. Delawder was my 7th grade science teacher in 1997/98. I will always remember his fun personality and stuffed cat! He really did make science come to life and is honestly probably the only teacher that made a shy girl feel important and seen. He is also only 1 of a few teachers that I remember vividly. Prayers to the family in your loss.*

“ Rita - my heart goes out to you and your family. I am so sorry for your loss, for our loss. Mr. Delawder really loved teaching, his students, you, (he always talked about you, all good), his friends, co-workers and people in general. He was a phenomenal, funny, caring teacher. When I first met him as I was a parent, I was Mrs. McCormick. Once I started working at the high school and my kids played sports, I saw Mr. Delawder more often and then I was considered his friend and he called me Kelli. He told me so many funny stories about his students (my daughter included). He introduced me to the International Students he was sponsoring. He had a HUGE heart. He will be missed!!
Sincerely, Kelli McCormick

“ I wish to extend my deepest sympathy to Mr. Delawder's companion, family, friends and coworkers. In 1972, Mr. Delawder was my 7th grade science teacher. My best friend and I had a huge crush on Mr. D. We hung on his every word in class and strived to be his top students. We watched him play basketball and flip his famous long blonde hair from his face while sporting his Knox College t-shirt. I recall waiting after school just to see him drive away in his cool Corvette. He was a wonderful teacher and had a special way of keeping all of us interested and engaged in class. It was great seeing him later at our high school basketball games. We are all better people after having him as our teacher and our role model. Rest In Peace Mr. D.

“ Mr. Delawder was my 7th grade math and science teacher at East Middle School. He was one of the teachers you hope to have and glad you did. His teaching style was one of the best and most entertaining (the stuffed cat!) I ever had, and I will always be grateful for him speaking at my Eagle Scout Ceremony.....Mr. Delawder, you won't be forgotten.

“ David was my wife's cousin, and certainly a life long relative to me. We loved to discuss sports, and yes, argue about teams and players. :) I was involved in sports all my life, both as a player and coach. David loved to follow my activities, and talk to me at length about them. I can't begin to tell him how much I will miss our conversations. As all who really new him, he loved to play cards. Some of my most enjoyable times with him was family cards. We never spent a holiday or simple family time together without a good card game. I really loved this guy, and will forever miss him.

“ Mr. Delawder was my 7th-grade math and science teacher. I never would have made it through Algebra without his kindness and extra help. He even offered to come in early or stay late to help me when I was struggling. His genuine care and concern for me has not been forgotten and is something that encourages me as a teacher in my own classroom. Over the years students have many teachers, but he is one that I have never forgotten. I am so thankful for the positive impact he had on my life. Of all the teachers I have ever met, I cannot think of one as truly caring and generous as he was.

“ was very sad to hear about dave's passing. working at lewis and clark c.c., i knew him because of his generous heart in opening his home as housing to some of our international basketball players. he possessed such an easy going, calming, spirit, and would crack a joke, demonstrating his love of life.

“ I met Mr. D when I went to Alton High School. He headed up Athletic Tutoring, and I volunteered to help in Athletic Tutoring starting in my Junior year. That opportunity helped me to learn that I enjoy helping others. I've worked in various helping professions since then, and I never would have learned that had Mr. D not allowed me to volunteer. He was instrumental in helping me become the man I am today, and the world is a lesser place for losing someone like him.

“ Mr. Delawder was absolutely one of my favorite teachers. I have so many fond memories from being in his class, but my favorite one is when he brought in his tape player and played Joe Jones's "You Talk Too Much" just for me! I think he was trying to tell me something..

“ I had Mr. Delawder for 7th grade science at East Middle. He was so much fun!! I always enjoyed his teaching and all the excitement he put into our learning. I remember I decided to do Science Fair that year... jim and I would stay for an hour after school to work on my project... he never got frustrated or rushed to get it done. Even as an adult, I always enjoyed seeing him and Miss Cooke out and about. I loved David and always will! Till we meet again my friend.

“ Dave and I started our teaching careers at about the same time. He was a true professional and devoted his life to bringing science to life for the students in his classes. Dave was very humble and when he was selected as the Silver Medallion Teacher of the Year in 2001 he couldn't believe he was nominated by his peers for such a prestigious award. Reading the comments from former students about the impact he had on them tells you how much he was respected. I enjoyed talking sports with Dave, especially high school basketball! Rest In Peace my friend, you will be missed!

“ I was such a lucky girl to have Mr. Delaware for my teacher in the mid 1970's at East Jr. He was, by far, my very favorite teacher. He made learning so much fun! I was fortunate enough to run into him a few times as a adult. He always remembered me, and would ask about my sister and our friends. May his sweet soul Rest In Peace.

*I first met Dave as the PA announcer at AHS basketball games in the 80's. We would sit next to each other, helping each other with stats and scoring. Our friendship would grow as he and I, and a few others, would ride together to out of town games as I would be broadcasting them for WBGZ. Some of our trips included Scott Harper, Dan and Pat Carter and a few others. Oh the stories I could tell about the conversations that went on. But I'm saving them for the book. Dave was a great friend, advisor, teacher and overall a person you would hope in the world could be. I'm gonna miss "Double D" and our contests of who could guess the song title of a song playing on the radio on the way back from a game. Dave was and still is a special person. I hope that I can measure up to him. Rita our thoughts and prayers are with you. RIP "Double D". I'm sure he's keeping stats somewhere in that "Gym in the Sky". Save me a seat.

I also taught with Dave at East. I was always amazed how Dave remembered the names of his students and where they sat in class. I'll never forget our Cardinal BB road trip. I was the designated driver of the van. What a crazy funny time. Joe Hook roasted Dave on his birthday. Joe said because of an illness Dave experienced, Pizza Hut had to lay off 3 drivers. Dave loved his job and his subject. He fought the good fight and wasn't afraid to break one up.

Mr. Delawder was my 7th grade science teacher at East Junior in the 70's. He was so funny and really loved what he was teaching so he made it fun. We had a somewhat rowdy class but he knew how to handle it all with grace. He was one of the best teachers I ever had. Rest in peace Mr. Delawder.
