“ *Dr. D. was our dentist for 45 years. We always considered him a true professional with outstanding technical abilities in dentistry. No one could match his talent. He was also a true gentleman, kind, with a great sense of humor. My husband Bill and I loved him. So sad and so sorry to hear of his passing and our most sincere sympathy to the Diestelkamp family.*

“ I am so sorry for your loss. I thought very highly of Dr. D. He was the consummate professional. Everyone of his patients would express how much they loved Dr. D. A hard act to follow. It made me a better practitioner. I always looked forward to working with him. I missed him when he retired. I know that Heaven has welcomed him home with open arms.

“ *My mother was an assistant of Dr. D's back in the 1960s. He is the only dentist I've had in my life. What a kind and gentle man, and such a great family man. I was blessed by him both as a dentist and a fellow Christian. We shall not see his like again. I like to think he's catching up with my Mom in heaven. Godspeed, Dr. D, and my thoughts and prayers to all of the family, friends and those who held him close to their hearts.*

“ *Dr. D was not only an amazing Dentist but also family man and Christian. He loved his family, faith and friends. He was always so pleasant and interested in how everyone was doing in the family. I had many good chats with him about how our kids were doing. He will be greatly missed by all who were blessed to know him. My thoughts and prayers go out to Joan and the family at this painful time. May God Bless you and keep you strong.*

“ I, too, was fortunate enough to have Dr. Diestelkamp as the only dentist I had from age 5 until his retirement. My last appointment with him was to do a root canal. It was also Dr. Diestelkamp's last day working. That was only a few years ago, but that is how much I loved and trusted him as a dentist. There aren't many people I would trust to come at me with a needle & drill, yet he always had a way of making it an easy experience. I, too, have not found a dentist comparable, but that says more about the kind of man he was. They would be difficult shoes to fill. He was also a great family dentist as he was the only dentist our large family of 10 children used. My dad used to joke & say: "We owned one room in his office!" While that may be true, Dr. Diestelkamp was kind enough to allow our family to make monthly payments on the remainder of our bill not covered by insurance. That's unimaginable in this day and age.

*He was truly one of a kind and will be greatly missed.
Our loss is heavens gain. My prayers and condolences go out to his immediately family and friends. dz*
