“ Jan was a near and dear friend of mine since meeting at Peavey in 1983! We had tons of good times and stayed in contact. One of the funniest memories I have of her is the tomato plant fiasco. She planted about 25 tomato plants one year. A day or two later we had a massive amount of rainfall and everyone of those plants floated away!! It was hysterical to listen to her describe it. Jan will be so missed by so many people. I will love her forever. 🙏❤️🙏
