“ Heartfelt condolences to Jan and family, colleagues and friends. What a very sad loss. But what a blessing we knew him or were touched by his talents, caring, loving and sense of humor. May he rest in peace.

Donna Gonzalez (a friend from back when)

“ I worked with John many years ago when we both worked out of the Education Dept. at Alton Memorial. He was so talented both professionally & artistically. He was funny, fun to be around and very caring. I am shocked to learn of his passing. My sincere condolences to his family.

“ I will always remember John's compassion and caring for everyone. I always enjoyed seeing John and talking with him. He was such a good person I wish we could have had him with us longer, but I know he's with his loved ones now.

“ I worked with John in Emergency Department at St. Anthony's Hospital. He was willing to help out no matter the situation. He was so knowledgeable and always willing to help teach a new skill. He will definitely be missed by so many. He was a very caring person and always went above and beyond to keep patients updated on their care. Just so very sad to see that he's gone.

“ John was great to work with. He was kind and considerate, taking everyone's perspective to heart and thinking of others. We truly enjoyed working with him on hospital performance improvement projects. He was also very knowledgeable on the use of the electronic medical record, and functionality in the emergency department. He will be missed!

I worked with John for many years at all to Memorial hospital and I must say he was at all times willing to teach anybody willing to help anybody to learn a new computer system coming online how to do a particular treatment or care in the best way possible for the patient where there was the least amount of pain or discomfort keeping them up to date as to what he was doing he just was an absolute wonderful RN he is gone far too soon and he will be missed by many.
