“ No words can describe the hole that has been left in many of our hearts. Uncle John is a one of a kind . As they say God broke the mold when he gave us him. John could fill a room with laughter that was so infectious. A man that would give you the shirt off his back if you are cold or feed you a meal if you are hungry. His heart is bigger than the heavens above that god created. He touched us all as his nieces and nephew and was bigger than life in our eyes. You always got greeted with a hug and a kind word when he was around us or when we would come to him and aut Carols house. A gentle giant as they say. His love for Hot Rods and racing of anykind would be a love me and him shared and would talk for hours about. Heaven will never be the same as God will probabbly tell him to keep it down with all that noise as he rides his Hot Rod through the gates as he arrives. Uncle John save me a seat up in heaven . Until then , much love .

“ My dad was the funniest guy ever, he could tell jokes and even if you didn't think it was funny he made you laugh anyway. He loved his family, loved working on cars and enjoyed being car club buddies. I remember for his birthday he would help feed the homeless and hand out gifts to the children. I'm going to miss him so much but I have beautiful memories of him in my heart ❤️ I love you daddy ❤️
