“Joyce and I went to school together, we ate lunch together everyday all thru high school. She had such a witty fun personality. She was there when I had my daughter, I was by myself and she was there daily for months to help, even spending the night with me, not sure what I would have done without her. She was a Godsend for myself and my baby, nicknaming my daughter Kissar. For many years we had a card party every Sunday night. One of my lifelong best friends ever. The world is a sadder place without her. Fly high my friend until we meet again. ❤️🙏❤️

“Joyce and I spent many happy times together when we were young... She helped me raise my kids when they were little. She made my birthday cakes, my kids birthday cakes... was a bright light in my life. I have so many fond memories. She has remained in my thoughts often over the years. Always wondered how she was doing. Lost track when I moved to Texas, and then life happened and we just never really reconnected. Thank you Joyce for being such a good friend to me all those years ago. Won't ever forget you.
