“ I'm so sorry to hear about the passing of Kerry Walter. I have known him for about 7 years. I got hired into American Water with him and he was such a fun guy to be around. He was always joking, laughing and was all around a good person. I had no idea he was battling bladder cancer. My thoughts and prayers are with the family & friends.

“ I had the pleasure of attending SIUE with Kerry and also played in the DNA band with Kerry in the early '70s. Not mentioned in the obituary is the fact that Kerry was one heck of a Trumpet player and a fine musician. I have some live recordings of the DNA band, recorded live at Scott AFB, that after all these years sound great. It is a shame that most bands no longer include a horn section.

*God bless you Kerry, and keep your trumpet by your side.*

“ What a great picture. This is how I remember him. I loved this man. I was a constant customer at the Milk Store. He always had this smile on his face or always had something patriotic to say about our inhabitants, if you know what I mean. I am so sorry for your loss, send you my sympathy, and sending up prayers for strength to endure this sad time. God watch over all of you, and RIP, Kerry.

“ I only knew Kerry a short time when he came to the American Water SSC in NJ this past August for training. He seemed like a kind, quiet person who was very knowledgeable. I was sad to hear of his passing. May your good memories of him keep you going through the hardtimes.

“ We started out in kindergarden together at Mark Twain & kept on keeping on all the way through college at SIUE and beyond! We logged a lot of time together camping at Sutton's Bluff, at New Year's Eve parties, October birthdays and Halloween. Your journey here has ended, but continues in the next life. Don't forget your horn! Peace to you and all who love you.

“ Kerry, you were the one to come up and tell us "Knock it off up here" when the kids became unruly at parties. You helped me install my first car stereo (which I promptly blew up, no fault of yours). You were my first boss up at Farm Fresh. I know we lost touch over the years but was always glad to see you and say Hi and share a photo of my kids with you when I ran into you. Thanks for all your sarcasm, jokes and everything through the 35+ years. You've been around since as far back as I can remember. And you'll carry on in my memories and the ones of your family and friends. The sky is crying my friend.

“ I met Kerry last year in NJ. Quiet yet seemingly funny guy & a passion for the professional role he was taking on. Kerry was someone that after only knowing for one week, I quickly grew to respect & looked forward to working with. Know that I've thought of him often & only hoped he could have returned to teach us all a few tricks of the trade he knew so well.

God Bless to all of his family and friends. Karen Ziller, Kerry's counterpart in PA.
