“ *My condolences to the Wuellner Family.*

*Thanks to Lois and all of the wonderful nurses in the Medical Department at Olin, I am celebrating 40 years as an occupational health nurse. Lois mentored and educated me well in occupational or industrial nursing as it was called back in 1980.*

*Lois was kind, patient but firm, and in charge and very, very knowledgeable. She had a great laugh and usually could eventually find humor in many frustrating work situations. :)*

*Thank you Lois for giving me a great foundation in my career that I still use and have to this day. Rest well. Peace.*
