“ *Mark's family and my family were next-door neighbors- I was much younger, but I'll always remember Mark as a good-natured and very friendly person to me. Waht a wonderful family. Mark, his brother Ralph, and my older brother Chris played music together in the mid 60's as teenagers. Mark was the drummer. They were my inspiration to learn music, and that musical inspiration remains with me many decades later. Much love to Barb, Matt, Nancy, John and families.*

“ I had the pleasure of working with Mark at Hi-Tec Dental Lab for over 8 years. He was an amazing person and kept us laughing, ALWAYS! One of my favorite memories was watching him do his renditions of the Partridge Family song "I Think I Love You" while crooning into his hair brush as a microphone. He was such a joy and I have thought of him often over the years and had always intended to reconnect but life seems to get in the way. I am terribly sorry for your loss and sending prayers to the family at this sad time.
