“ *Nancy was one of my favorites at the bridge table. I have to admit, she was a better bridge player than I. I loved seeing her smile every week. She was always happy and so pleasant. You have my heartfelt sympathy. She was a great lady who suffered in silence.*

“ *I was not fortunate enough to have met her in this lifetime. But I am fortunate to have met her daughters Mary and Jamie and a lifelong friendship in her granddaughter, Christy. And judging by these three amazing women, I can only imagine what it would have been life to have met her. Thank you Nanny for raising such amazing, kind and funny daughters who created more amazing, funny and kind children. ❤️*

“ What a beautiful person! Woop woop that's what she would make us for dinners. Most people called them yip yips. Good as they come! So sad to see her pass. I'm sure her and Jim are working on there golf game.
