PW

“ This was a total shock for me, I just talked to him a couple of weeks ago; checking on him. I work at Senior Services Plus and I always called him, Roger Dodger, when he would come in to work out. I always admired him for all his efforts. We, the team, at SSP Wellness Center would put all efforts out to help Roger. I remember the Receptionists would help him off the bus, guiding him inside the Center then guide him in to one of his favorite machines, we would tell him to raise his hand whenever he was ready to move to another machine and someone, whether it be a Personal Trainer or a fellow member would come to his rescue.

We take Joy in knowing that we will see him again, this is Not the end

For Jesus will bring us back together again!
