“ *Was a great joy to know and work with Kit at the library. We had a good time exchanging stories about our Air Force experiences. May God bless you Kit.*

“ *Roland's interests ranged as widely as his experience. He was airman, musician, electrical engineer, computer pioneer, physician, and volunteer -- and he met the challenge of each role with a sense of humor and a sense of proportion. We are deeply grateful for our time with him and Ronnie. May God give comfort to her and their children; may they know now the thanks of all of us with whom they shared Kit.*
