“ *She always referred or introduced me as her baby sister, but by the time I became a Mother I was of the hope to be referred to as her younger sister. You know old habits are hard to break. We were always there for each other in good times and bad. We loved each other dearly. I will always miss her more than anyone will know and will always have lasting memories and most of all love until we meet on the other side. Love you forever* ❤️❤️❤️❤️❤️❤️❤️
