“ He was one of the best coaches and people I have ever met. He was so easy going but had such a great way to motivate you. I will never forget those 2 years going to Nationals for Tennis at Lewis and Clark. He always made everything fun. Love you Coach, thanks for always being there for us. Lou"Buddy"Prazma

“ Mr. McAfoos was first the chaperone for me and his daughter Marcy for 1st grade. Much later in my life, he taught me everything he knew about tennis when I was one of his students in tennis classes at Lewis and Clark Community College. He was such an influential coach, instructor, and mentor at different times in my life. He will truly be missed. My thoughts are with Millicent, Marcy, and the whole family...💜

“ I was saddened to find out about the loss of a very special man in my life. In 2005, Coach Stan took a chance on me as a foreign tennis player from Mexico as he was coaching at Lewis and Clark Community College. It was then, that I met Coach as a humble and passionate man for sports. I am and always will be grateful to him for letting me play for him and get a good education. I treasure his words of encouragement and great charisma. I send my thoughts and prayers for all the family and friends. Thank you coach, for believing in me.

“ I had the pleasure of being Stan's basketball assistant for several years. This gave me a chance to see the influence he had on his players. It is difficult to measure the impact a coach has on their players. I am confident that many former Redbirds can reflect on how Coach McAfoos impacted their lives and helped mold them into outstanding young men. RIP my friend, our thoughts and prayers are with Millicent and the family.

“ Even though Stan went to Milton School and I went to Horace Mann I met him before we attended East Junior together. My aunt lived near the McAfoos family and I met them around 1949. We were basketball opponents in the sixth grade and it was evident that Stan was a gifted player. We often walked home together from East when it was on College Avenue. We remained classmates through high school. I always admired Stan and I will miss seeing him at our next high school reunion. My condolences to the family. Rest in peace friend. Mike Smith

“ *It was great sadness that I read Mr, McAfoos's obituary. He was my gym teacher at West and also at Alton High. We did a lot of double pushups because of his ability to shot a basketball from half court. You have my deepest sympathy he was a great teacher and person. Greg Wallace Missoula Mt. class of 75*

“ I was deeply saddened to learn of Stan's death. Even so I rejoice in knowing he is now in the company of Him, the Author and finisher, The Alpha and Omega the One who promises we will be together again. Stan and brother Bill were my childhood idols. Hardly ever missed a game at West jr and can still see them bursting thru the big redbird onto the court. Will never forget how we honed our skills on the Wood River courts against the likes of Yopp, Napp, Hill, Yavorski, Shackelford, Leamon, Robinson, etc then gulped down a gallon of root beer at the A&W. Miss ya brother. Jeff Hendrickson.

“ Stan was such a special person. I was trying to think back to the day I meet Stan. I believe it was at Irving Elementary. He was such a positive influence on me at a young age and I would venture to say that most kids or adults would same the same. I never saw him in a bad mood and loved his laugh. Alton will not be same without him.
