“ *I am grateful for having had Stephanie as such a dear friend (dating back to our Junior High School days). I will miss her smile, her wonderful (dry) sense of humor, and her quick wit. I will especially miss our daily phone conversations that were often filled with laughter, for she had such a way of making one smile, even through difficult times. Stephanie loved animals, in general, was very knowledgeable about them, and especially loved her dog. She was a practical person with a positive attitude that never ceased to amaze me. A part of her will remain with me in spirit.*
