“ *You will be greatly missed my friend and "baby brother" !! You were always there for me, whether it be to help me with my car or just listen to my problems. You always had a way of making me laugh and forget about life for a minute. We would dance together to whatever was playing on the juke box and didn't care who was watching, we danced anyway! You were such a good person to everyone and will be missed by many. Love you my friend and may you rest in peace!!*

“ So many memories run through my head. Just in the last couple day hearing other tell me their. My dad was so loved and did anything he could to help others. I’m going to miss coming up to the house and him crawling out from under the car and stoping whatever he was doing just to hangout with me. I loved just watching him and my daughter polish his hot wheels he would tell her “when you get bigger you can polish the SS” I wish I hugged him longer the other day. I miss him so much I’ma miss your voice dad. Love that man so much
