“ Waldena she's the dearest person I've ever met I miss her immensely when I first met her it was because of flowers and she's my age that I am today she was 62 but you would've thought she was 30 young beautiful kind caring and sincerely loving mother and grandmother and the best cook I ever met her love for flowers her love for caterpillars turning them to butterflies her love for the Robin she would help her feed the babies her love of life love that she gave and shared with her husband I shall never forget you all Me days I shall always love you in my heart I missing a picture of you I wish I had a picture that last photo I had you were riding a bike at the nursing home exercising and I can't find it and it saddens me know you're being thought of this holiday and you are dearly missed
