“ I was friends with Walt and he showed me a lot about aircraft. I flew ultralights and light sport and Walt showed me about maintenance. He was a great friend and will be missed. Also a very intelligent man.

“ *I am sorry to here of Walt's passing. He was a good friend and co-worker at McDonnell-Douglas (now Boeing) aircraft company. We shared many good stories on our breaks. Later in life I visited with him at his nursing home in Godfrey, Illinois, where we continued the conversation. He was a very kind and considerate man, and always of good cheer. He will be missed. Fred Weiersmueller*

“ *To Michael and Michelle and the entire family of Uncle Walter: I'm sorry to hear of the passing of Uncle Walter because he is well loved and will surely be missed. However, I rejoice for him in his New Life with Jesus. May he have eternal peace, rest and love ❤️ I have many special memories of him growing up.....he was always working on airplanes.....building or flying them. He had an Ultralight that he somehow got my Mom to ride in. He joined us flying kites in the corn field by his house. His basement was the best place to explore and skate for hours with Mike and Michelle. He had the coolest Coo-coo clock that he kept working for years. Uncle Walter had a good life and we will keep him around always through our memories.
May God Bless You All. Sending much love and prayers.... Your cousin, Diane Hesse ❤️*
